FOREWORD

Every four years, just after the Presidential election, the "United States Government Policy and Supporting Positions," commonly known as the *Plum Book,* is published, alternately, by the House Committee on Government Reform and Oversight and the Senate Committee on Governmental Affairs. This publication contains data (as of September 1, 1996) on over 8,000 Federal civil service leadership and support positions in the legislative and executive branches of the Federal Government that may be subject to noncompetitive appointment; e.g., positions such as agency heads and their immediate subordinates, policy executives and advisors, and aides who report to these officials. Note that the duties of many such positions may involve advocacy of Administration policies and programs and the incumbents usually have a close and confidential working relationship with the agency head or other key officials.

The Government Reform and Oversight Committee has decided to create a new appendix for this publication. This appendix has never appeared in the "United States Government Policy and Supporting Positions". It is Appendix 5 and provides a perspective of conversions of persons who held a non-competitive policy or supporting position to a competitive appointment from January 20, 1993, to June 30, 1996. The data comes from the Office of Personnel Management's Central Personnel Data File (CPDF) which collects personnel action data from the various agencies.

Following are the major categories of positions listed:

o Executive Schedule and salary-equivalent positions paid at the rates established for Levels I through V of the Executive Schedule;

o Senior Executive Service "General" positions;

o Senior Foreign Service positions;

o Schedule C positions excepted from the competitive service by the President, or by the Director, Office of Personnel Management, because of the confidential or policy-determining nature of the position duties.

o Other positions at the GS-14 and above level excepted from the competitive civil service by law because of the confidential or policy-determining nature of the position duties.

Senior Executive Service (SES) "General" positions may be filled by career, noncareer or limited appointment. SES "Career Reserved" positions are not listed in this publication because, by law, such positions may be filled only by competitive career appointment. Only 10 percent of all SES positions Governmentwide may be filled at any one time by noncareer appointment. Similarly, by law, only 5 percent of Senior Foreign Service (SFS) positions may be filled at any one time by other than career appointment. Note that the phrase "Career Incumbent" is shown under the heading "Name of Incumbent" for all SES, SFS and other listed positions filled by career appointment.

Additional information on the positions listed and the Federal salary schedules under which they are paid is provided in the appendices. The Legend on the following page shows the codes and acronyms used in this publication.

LEGEND

Position Location (Column 1)

Listed are the cities, States/Provinces and foreign countries in which the positions are located. Countries and cities (or other subdivisions) are shown for overseas posts. Note that "Washington DC" includes positions in the entire metropolitan area and therefore includes certain cities and counties in the States of Maryland and Virginia.

Position Title (Column 2)

Listed are the position titles and the names of the organizations in which they are located.

Name of Incumbent (Column 3)

Listed are the names of individuals serving under other than career appointments. The phrase "Career Incumbent" is shown for positions encumbered by career appointees. The term "Vacant" is shown for positions that were not occupied on September 1, 1996, the "as of" date of this publication.

Note that the law requires that "member" positions in certain agencies (e.g., boards, committees, and commissions) be filled on a bipartisan basis. For such positions, the following letter codes are shown in parentheses following the name of the incumbent:

(D) = Democrat (I) = Independent (R) = Republican

Pay Plan (Column 4)

Listed are letter codes that denote the Federal salary schedule or pay system under which position incumbents are paid. Tables showing the salary ranges for each pay system are contained in Appendix 4.

EX = Executive Schedule
ES = Senior Executive Service
SL = Senior Level
AD= Administratively Determined
GS = General Schedule
FE = Senior Foreign Service
FP = Foreign Service Specialist
OT = Other Pay Plan (all those not listed separately)
PD = Daily Pay Rate* (per diem)
WC = Without Compensation*

* Although not Pay Plans, these codes are shown for information purposes.

Type of Appointment (Column 5)

Listed are letter codes that denote the type of appointment under which the position incumbent is serving. Note that several categories of positions can be filled by more than one type of appointment, e.g., SES positions listed in this publication may be filled by using career, noncareer, limited emergency, or limited term appointment authorities. Therefore, no "Type of Appointment" is shown for such positions when they are vacant. Note also that some part-time Presidential Appointments are not included in this listing such as those serving on temporary commissions or those boards and commissions which are governed by the Federal Advisory Committee Act.

PAS = Presidential Appointment with Senate Confirmation
PA = Presidential Appointment (without Senate confirmation)
CA = Career Appointment
NA = Noncareer Appointment
EA = Limited Emergency Appointment
TA = Limited Term Appointment
SC = Schedule C Excepted Appointment
XS = Appointment Excepted by Statute

Level, Grade, or Pay (Column 6)

Listed are numerical and letter codes that denote the level, grade or salary of the position incumbered:

Levels I through V of the Executive Schedule
Grades 1 through 15 of the General Schedule
Annual Salary in Dollars
Daily Pay Rate in Dollars

If there is no entry in this column, the position does not have an established level, grade, or salary. For example, the pay rate for Senior Executive Service and Senior Level positions is "personal," i.e., attached to the incumbent, not the position. The pay rate for each new appointee is set by the appointing authority (usually the agency head) on a case-by-case basis. Annual salary schedules and pay ranges for such positions are shown in Appendix 4.

Tenure (Column 7)

Listed are the terms or durations of the appointment in years. If there is no entry in this column, the appointment has no fixed term.

Expires (Column 8)

Listed are the expiration dates for time-limited appointments. If there is no entry in this column, the incumbent is not serving under a time-limited appointment. However, many member positions on agency advisory boards, councils, and commissions are filled initially for a fixed term, but the incumbents may (and often do) serve beyond the expiration date until they are replaced.

APPENDIX NO. 2

SENIOR EXECUTIVE SERVICE

The Senior Executive Service (SES) is a personnel system covering top level policy, supervisory and managerial positions in most Federal agencies. Positions in Government corporations, the FBI and Drug Enforcement Administration, certain intelligence agencies, certain financial regulatory agencies, and the Foreign Service are exempt from the SES.

The SES includes most Civil Service positions above grade 15 of the General Schedule. An agency may establish an SES position only within an allocation approved by the Office of Personnel Management (OPM). Currently, there are 7,876 SES positions allocated by OPM to agencies.

Types of SES Positions

There are two types of SES positions: Career Reserved and General. About half of the SES positions are designated in each category. Once a position is designated by an agency, the designation may not be changed without prior OPM approval.

SES positions are designated Career Reserved when the need to ensure impartiality, or the public's confidence in the impartiality of the Government, requires that they be filled only by career employees (e.g., law enforcement and audit positions).

The remaining SES positions are designated General and may be filled by career, noncareer, or limited appointment.

A given General position may be filled at one time by a career appointee and at another time by a noncareer or limited appointee, or vice versa. Because of the limitations on the number of noncareer and limited appointees, as discussed below, most General positions are filled by career appointees. This publication lists only General positions since Career Reserved positions must be filled by a career appointee.

Appointments to SES Positions

The legislation establishing the SES provides three methods of appointment. Veterans preference is not applicable in the SES.

(1) Career appointment: Career appointments are made through a Governmentwide or an "all sources" merit staffing (competitive) process, including recruitment through a published announcement, rating and ranking of eligible candidates, approval by the agency of the professional qualifications of the selected candidate, and a further review and approval of the executive/managerial qualifications of the proposed selectee by an OPM-administered SES Qualifications Review Board.

A career appointee serves a 1-year probationary period. Upon completion, the appointee acquires tenure rights and may be removed from the SES only for cause or for poor performance. (A performance appraisal for a career appointee may not be made, however, within 120 days after the beginning of a new Presidential Administration, i.e., one where the President changes.)

When a career appointee is reassigned within an agency, he or she must be given at least a 15-day advance written notice. If the reassignment is to another commuting area, the notice period is 60 days; the agency first must consult with the individual as to the reasons and the individual's preferences.

A career appointee may not be involuntarily reassigned within 120 days after the appointment of a new agency head, or during the same period after the appointment of a noncareer supervisor who has the authority to make an initial appraisal of the career appointee's performance. A career appointee may not be involuntarily transferred to another agency.

Like all career Federal employees, a career SES appointee is entitled to protection against retaliatory or politically motivated personnel actions and may lodge a complaint with the Office of the Special Counsel if a prohibited personnel practice has occurred.

(2) Noncareer appointment: By law, no more than 10 percent of total SES positions Governmentwide may be filled by noncareer appointees. The proportion of noncareer appointees may, however, vary from agency to agency (up to a limit of 25 percent) within the overall total. OPM approves each use of a noncareer authority by an agency, and the authority reverts to OPM when the noncareer appointee leaves the position.

Noncareer appointees may be appointed to any SES General position. There is no requirement for competitive staffing, but the agency head must certify that the appointee meets the qualifications requirements for the position.

Any noncareer appointee may be removed by the appointing authority (e.g., for loss of confidence or change in policy). There is no appeal right.

(3) Limited appointment: Limited appointments are used in situations where the position is not continuing (e.g., to head a special project), or where a prompt selection must be made to meet an emergency need. Limited term appointments may not exceed 3 years; limited emergency appointments, 18 months.

By law, limited appointments Governmentwide may not exceed 5 percent of total SES positions. The appointments may be made only to General positions. Generally, OPM allocates limited appointment authorities on a case-by-case basis. However, each agency has a small pool of limited authorities equal to 2 percent of their total SES position allocation from OPM. Such pool authorities may be used only for appointment of career or career-type Federal civil service employees. Selection procedures and qualification requirements are determined by the agency, and the incumbent serves at the pleasure of the appointing authority.

By law, the appointment to or removal from any SES position in an independent regulatory commission shall not be subject, directly or indirectly, to review or approval by an officer or entity within the Executive Office of the President.

APPENDIX NO. 3

SCHEDULE C POSITIONS

Schedule C positions are excepted from the competitive service because of their confidential or policy-determining character. Most such positions are at grade 15 of the General Schedule or lower. Schedule C positions above the GS-15 level are either in the Senior Level (SL) personnel system or are specifically authorized in law.

The decision concerning whether to place a position in Schedule C is made by the Director, U.S. Office of Personnel Management, upon agency request. Such requests are considered on a case-by-case basis. In addition to consideration of the justification submitted by the agency, OPM may conduct an independent review and analysis. In addition to the Schedule C positions authorized by the OPM Director, a limited number of positions may be placed under Schedule C by Executive Order of the President or by legislation.

Requests for Schedule C exception are appropriate when:

(1) The position involves making or approving substantive policy recommendations; or

(2) The work of the position can be performed successfully only by someone with a thorough knowledge of and sympathy with the goals, priorities, and preferences of an official who has a confidential or policy determining relationship with the President or the agency head. There are special requirements for the types of superiors who are eligible for Schedule C secretaries.

The immediate supervisor of a Schedule C position must be a Presidential appointee, a Senior Executive Service appointee (career or noncareer) occupying a General position, or a Schedule C appointee. The immediate supervisor may not occupy a position in the competitive service or a Career Reserved position in the Senior Executive Service.

The only time when OPM approval is not required for a Schedule C position is when a position is filled by a temporary Schedule C appointment during a Presidential transition, a change of agency head, or establishment of a new agency. Temporary Schedule C positions may be established for 120 days, with one extension of 120 days, under conditions prescribed by OPM. There is a limit on the number of such positions that can be established by an agency. New appointments may be made only during the 1-year period beginning on the date of the agency head's appointment, a new Administration or establishment of a new agency.

By law, the agency head must certify to OPM that both Schedule C and temporary Schedule C positions are not being requested for the sole purpose of detailing the incumbent to the White House.

Agencies may fill Schedule C positions noncompetitively. Because of the confidential or policy-determining nature of Schedule C positions, the incumbents serve at the pleasure of the appointing authority (usually the agency head) and may be removed at any time. They are not covered under conduct-based or performance-removal procedures that apply to certain other excepted Service appointees.

Schedule C positions authorized by OPM are automatically revoked when the incumbent leaves the position (i.e., there is no such thing as a "vacant" Schedule C position).
